She continues, “most people when visiting our farm and viewing the prospects are amazed that our prospects are big, many 17 hands. They are strong, athletic and are such a pleasure to be around. In our Hunter Breeding Program, we do not produce the stereo-typed Quarter Horse, but a true hunter style, one capable of making it ‘down the line’ and with a stride to excel in Dressage. Our horses are competitive in AQHA, USHJA, USDF and USEA venues. We also have an extensive All-Around Program for the Paints and Quarter Horses; our offspring are competing and winning: Hunter Under Saddle, Equitation, Working Hunter, Western Pleasure, Horsemanship, Trail and Showmanship. We believe it is all about the mind”, Robin states. “We pride ourselves on breeding and raising amateur friendly show partners.”
